BREST
LIFE

CHOOSE BREST

To choose to study in Brest is to make the choice of a successful student life. Living environment, excellence of research, diversity and quality of offered educational fields, student life, professional integration, employment ... the city has all the advantages of a metropolis within human scale. The proximity of services and facilities is key. To find housing accommodations easily, to practice an activity besides attending class, personal cultural acquisition, to get around easily, to breathe fresh air, here, it is possible.

The rank of the University of Brest in the world ranking of Shanghai in the field of oceanography

DISCOVER THE BREST LIFE

For many years, Brest has organized a warm welcome to its students. To show how much they are valued and to enable them to discover all the assets of this region, every year a full and meticulously planned program is offered.

BREST LIFE EXPERIENCE

We devised a program, unique in France and exclusively reserved to students, designed to make them feel at home here and experience moments as surprising as the territory itself. Throughout the year, students can win offbeat experiences: visit a nuclear-armed ballistic missile submarine, navigate an ocean racing boat, discover behind the scenes of a film shoot and meet its actors, feed the penguins of Océanopolis... To participate, visit the Brest Life Experience Facebook page.

WELCOMING INTERNATIONAL STUDENTS

Every year, in September, new international students are invited to embark to discover the harbor of Brest. At the end of this excursion at sea, a reception is organized at La Carène, an avant-garde music hall. And so that the students of the world feel as much like a local as a Brest local, known as a "Brestoï", events are specifically dedicated to them throughout the year, such as the "Night of international students" at the Ateliers des Capucins.

Information and registration at the Mission for Higher Education, Research and Innovation, +33 (0)2 98 33 50 50, at the Hôtel de Métropole of Brest.

PROJECTS AND MORE PROJECTS

Brest métropole and the city of Brest support a multitude of initiatives led by local associations and students. Guidance and assistance (financial, logistic ...) is provided to their initiatives. Here we commit, we invest and we create events that are free or truly accessible! For more information, contact the Mission for educative initiatives and youth at +33 (0)2 98 00 80 80 at the City Hall of Brest.

The François Mitterrand media library - Les Capucins offers many workspaces and an employment & training space.

- Philigramme, renowned association specializing in electronic music played in unconventional places, offers exclusive events, in unexplored sites!
- The culture-youth collective (Acoustic attack, West sound, Philigramme, Radio Lune, Locamusic ...) prepares joint and individual programs.
- Themed events are organized, such as the evening dedicated to skateboarding fanatics in Brest.
- Cuistots du Coin offers year around, in-home cooking workshops to learn the cuisines of all cultures present in Brest and create a culinary and gourmet event in an unusual out-of-the-ordinary site!
- Students can learn to surf for free with the Sweetspot Club.

Fablab, third-places, "Cantine Numérique"... Here, choose a coworking space that reflects your style. In addition, Western Brittany (Brest, Lannion, Morlaix and Quimper) has the label of "Capitale French Tech".

To get to the Ateliers des Capucins from the beginning of Siam Street it is easy, by cable car, it takes 3 minutes!

With Brest Life Experience, invigorate your studies with fresh air at the harbor of Brest.

DAILY LIFE

On the podium in the national ranking, Brest has housing opportunities that are both varied and affordable. With an average rent of 341 euros per month, it is easy to find housing near campuses, downtown, leisure areas and services. Here, after class, indoors or outdoors, individual or collective, athletic or cultural, you will undoubtedly find an activity that you like.
